**Re:** Graduation Requirements

### **Background – English Graduation Requirements**

Urbandale High School requires eight English/Language Arts credits to fulfill graduation requirements. Students fulfill these requirements by successfully completing a combination of required and elective classes (see table below).

Course Title	Credits
English	2
Language & Literature	1
Speech	1
Strand A: Persuasive/Nonfiction	1
Strand B: Narrative/Fiction	1
English Electives	2
<b>Total Credits</b>	8

Currently, most of the standards for speaking and listening are addressed in "Speech," though some standards are spread out through other courses. The current model condenses many of these standards into one semester. A proposed model would spread out the speaking and listening standards throughout the year, allowing teachers more flexibility to teach and assess these standards throughout multiple units of instruction. Further, this model would enable UHS to further develop a model of differentiating instruction around reading strategies to help the most struggling learners. In this proposed model, graduation requirements for the class of 2019 (current freshmen) and beyond would change (see table below). Speaking and listening standards would be integrated throughout the "Language and Literature" class, as well as found in many other UHS language arts classes. Total credits required for graduation would remain the same.

UHS will continue to offer "Public Speaking" for DMACC credit, which counts as an English elective for graduation purposes.

**Re:** DMACC Credit and Course Title Change

From School Board Packet (August, 2015): In spring, 2014, Intro to Computer Science was approved for Urbandale High School. Due to a lack of enrollment, the course was not taught in 2014-15. In summer, 2015, UHS received grant funding to send a teacher to training in order to teach the Project Lead the Way Computer Science and Software Engineering course. This course satisfies the core competencies in the UCSD board-approved Computer Science course as well as satisfying Advanced Placement Computer Science requirements. Further, DMACC credit is pending for this course and should be available for spring 2016 (per email received August 10, 2015 from Randy Gabriel). The pre-requisites remain the same as the UCSD board-approved Intro to Computer Science course.

Because of this, the UCSD School Board voted to change the course title from "Intro to Computer Science" to "Computer Science and Software Engineering".

### **Background – Computer Science Principles**

Project Lead the Way (PLTW) has revised the curriculum of the "Computer Science & Software Engineering" course. As part of that revision, a course title change is proposed to align with the PLTW recommendations. The title of the new course is "Computer Science Principles" (see table below). This updated standards of this course more closely align with the Advanced Placement "Computer Science Principles" course, enabling students to take the AP exam if they choose.

Link to PLTW Curriculum Information for Computer Science Principles: <a href="https://www.pltw.org/our-programs/pltw-computer-science/pltw-computer-science-curriculum">https://www.pltw.org/our-programs/pltw-computer-science/pltw-computer-science-curriculum</a>

Des Moines Area Community College has confirmed alignment between the Computer Science Principles course and CIS450, PLTW Computer Science & Software Engineering. Upon successful completion of both semesters of Computer Science Principles at UHS, students will receive three college credits from DMACC for CIS450.

### School Board Meeting June 6, 2016 Special Report # 5

### **Legislative Update on Educational Topics**

State Supplemental Aid (SSA) for 2016-17: School Districts will receive a 2.25% increase to SSA. Unfortunately, this includes the dollars designated for the Teacher Leadership & Compensation (TLC) program. The 2.25% amounts to \$145 per pupil; taking the total per pupil amount to \$6,591. Total dollars directed to Iowa K-12 public school districts is approximately \$135 million. Total new revenue for the state is \$308.5 million so schools received approximately 44% of the new money. The relevant issue isn't simply about the portion of the pie we receive, it's that the pie itself has greatly been reduced by continued tax breaks to businesses. Of course, business growth and development is critical to our state but the tax breaks do greatly reduce school funding.

**State Supplemental Aid (SSA) for 2017-18:** The Senate proposed a 4% increase but the House chose not to address any level of funding for 2017-18; choosing to break their own law once again.

**Early Literacy and 3<sup>rd</sup> Grade Retention:** The legislation decided to delay this requirement. Several school districts in the state will move forward with a "pilot" program. It was further decided that more than just the FAST test must be used to decide if students are "persistently at risk in reading."

**Teacher Leadership & Compensation Program (TLC):** 38 more school districts have been added to the TLC system. The program will cost approximately \$150 million annually in fiscal year 2017 once all districts are participating. (Again, not as supplemental funds, as originally proposed, but as a portion of the SSA.)

**Smarter-Balanced Assessment:** The legislation chose to delay this for at one year but the Governor used his veto power and is asking the lowa Dept. of Education to move forward and select a vendor for the new assessment. The assessment will begin in the 2017-18 school year. (hopefully funded)

**Bullied and/or Harassed Athletes:** Legislation was approved that if a student is forced to move out of their home district due to "founded" harassment and/or bullying, they can open enroll at any time and participate in varsity level athletics without sitting out the mandatory 90 days.

**AEA Funding:** Area Educational Agencies were hit once again with a reduction in funding; this time to a \$3.75 million. Loss of dollars in the AEA's means decreased services to public school districts.

**Use of SAVE Dollars to Help Fund Quality Water:** No decision was approved but the Governor still has ideas of coupling the funds and using a portion of the SAVE dollars to address the water concerns. Both issues are important so should be funded appropriately as stand-alone issues.

**No Child Left Behind (NCLB):** NCLB is being replaced by newly authorized "Every Student Succeeds Act" (ESSA). Iowa accountability plan for schools is going away from 5-year site visits to a process of "Differentiated Accountability." Most of the new accountability system will be done through a review of paperwork, with site visits done to school districts in most need.

### Bills that failed and will see no additional funding in 2016-17:

- Equity Topics: 1) transportation, and 2) additional funding for high need schools (based upon EL and F & R)
- Athletic Trainer Mandate of having a licensed trainer at each home event. (concussion issue)
- Radon Testing Mandate

### School Board Meeting June 6, 2016 Special Report # 6

Legislative priorities identify the most critical changes in state policy - and serve as a focal point for grassroots advocacy efforts of lowa school boards and their association.

### STANDARDS AND ACCOUNTABILITY (RESOLUTION 2):

Supports continued progress in the development of rigorous content standards and benchmarks that reflect the real-world knowledge and skills students need to graduate from high school prepared for college or to enter the workforce, including the following state actions:

- Provide and fund technical assistance to help school districts fully implement the Iowa Core Content Standards which define what students should know and be able to do in math, science, English language arts, social studies, and 21st Century skills in areas such as financial and technological literacy.
- Adopt high-quality summative and formative assessments, aligned to the skills students should know and be able to do to succeed globally and locally.
- Support research based professional development that provides educators with training, support and time to work together so that they can successfully teach a rigorous curriculum to all students. Ensure that curriculum decisions about how to teach remain in the hands of local schools and teachers.
- Include and fund all the components of successful standards systems: assessments aligned to high expectations, improved and aligned instruction and quality professional development.

IASB supports development of model content standards, recommended assessments and professional development supports in additional content areas but opposes expanding accountability, reporting and accreditation requirements in these areas.

### SCHOOL FUNDING POLICY (RESOLUTION 20):

Supports a school foundation formula that:

- Provides adequate and timely funding;
- Provides a funding mechanism for transportation costs that reduces the pressure on the general fund and addresses inequities between school districts;
- Includes factors based on changes in demographics including socio-economic status, remedial programming, and enrollment challenges;
- Equalizes per pupil funding;
- Incorporates categorical funding in the formula within three years; and
- Includes a mix of property taxes and state aid

### **SUPPLEMENTAL STATE AID (RESOLUTION 21):**

Supports setting supplemental state aid:

- For FY 2017, by January 29, 2016;
- For FY 2018 and future budget years, within 400 days (or 14 months) prior to the certification of the school's district budget; and
- at a rate that adequately supports local districts' efforts to plan, create and sustain world-class schools

### **STATE PENNY (RESOLUTION 28):**

Supports preserving the integrity of the statewide penny sales tax for school infrastructure, including the tax equity provisions. Supports repeal of the Dec. 31, 2029 sunset.

### STUDENT ACHIEVEMENT AND ACCOUNTABILITY

### 1. RESEARCH-BASED INITIATIVES:

Supports implementation of initiatives in Iowa's K-12 education system that:

- Are research-based;
- Are focused on student achievement;
- And do not "re-purpose" existing education funds

### 2. STANDARDS AND ACCOUNTABILITY:

Supports continued progress in the development of rigorous content standards and benchmarks that reflect the real-world knowledge and skills students need to graduate from high school prepared for college or to enter the workforce, including the following state actions:

- Provide and fund technical assistance to help school districts fully implement the Iowa Core Content Standards which define what students should know and be able to do in math, science, English language arts, social studies, and 21st Century skills in areas such as financial and technological literacy.
- Adopt high-quality summative and formative assessments, aligned to the skills students should know and be able to do to succeed globally and locally.
- Support research based professional development that provides educators with training, support and time to work together so that they can successfully teach a rigorous curriculum to all students. Ensure that curriculum decisions about how to teach remain in the hands of local schools and teachers.
- Include and fund all the components of successful standards systems: assessments aligned to high expectations, improved and aligned instruction and quality professional development.

IASB supports development of model content standards, recommended assessments and professional development supports in additional content areas but

opposes expanding accountability, reporting and accreditation requirements in these areas.

### 3. PRESCHOOL:

Supports an increase in funding to ensure all 4-year-olds have access to a high quality public school preschool program. Districts should be given maximum flexibility to assign costs to the program.

### 4. EARLY LITERACY:

- Supports the continued development of and funding for research on best practices for improving proficiency in early literacy strategies.
- Supports continued funding for professional development and classroom intervention strategies focused on implementing best practices for early literacy in grades PK-3.
- Supports the continuation of programs currently funded by the early intervention block grant program with flexibility to use those funds for other K-3 literacy programs if approved by the school board.

### 5. ELL:

Supports adequate and on-time funding for Englishlanguage learner (ELL) students until the students reach proficiency.

### 6. DROPOUT/AT RISK:

Supports the inclusion of drop-out prevention and funding for at-risk students in the foundation formula and the inclusion of socio-economic status as a factor in determining a student's at-risk status. Opposes changes to compulsory age of attendance requirements unless sufficient funds and research-based programs are provided.

### 7. FOREIGN LANGUAGE:

Supports adequate and on-time funding for a comprehensive foreign language curriculum to promote lifelong learners in a global community.

### 8. MENTAL HEALTH:

Supports increased statewide access to and funding for mental health services for children.

### 9. SPECIAL EDUCATION - STATE:

Supports predictable and timely state funding to serve students receiving special education services at a level that reflects the actual cost including educational programming and health care costs.

### 10. SPECIAL EDUCATION - FEDERAL:

Supports the federal commitment to fund 40 percent of the cost of educating students receiving special education services and requests that the federal government fulfill that commitment by increasing funding a minimum of 8 percent per year until the 40 percent figure is achieved.

### 11. AREA EDUCATION AGENCIES:

Supports adequate financial support of the area education agencies to provide essential services in a cost effective manner to school districts including:

- special education;
- technology;
- professional development;
- · curriculum assessment; and
- student assessment data analysis.

### 12. SCHOOL CALENDARS:

Supports the authority of locally-elected school boards to determine the school calendar to best meet student needs, including start dates, year round schools, and other innovations.

### **EDUCATOR QUALITY**

### 13. TEACHER LEADERSHIP AND DEVELOPMENT:

Supports research-based programs and funding to develop strong instructional leadership including:

- teacher leadership and development
- beginning teacher mentoring programs
- quality professional development programs.

### 14. MARKET-COMPETITIVE WAGES:

Supports providing school districts with incentives and the flexibility to pay market competitive wages for shortage area positions, especially in the areas required to meet graduation and lowa content standards.

### 15. BENEFITS:

Supports allowing school districts to voluntarily enroll their employees in the state's health, dental and life/long-term disability insurance pools.

### **16. ALTERNATIVE LICENSURE:**

Supports the adoption of alternative teacher licensure upon completion of research-based teaching pedagogy training in addition to content knowledge in a curricular area.

### 17. STAFF REDUCTIONS:

Supports giving school districts and AEAs the option to waive the termination requirements in Iowa Code Section 279.13 to reduce staff in response to reductions in funding or to comply with an arbitrator's award.

### 18. ARBITRATIONS:

Supports a requirement that arbitrators, prior to the imposition of an award must first consider local conditions, ability to pay, and local settlement history. After the arbitrator determines the school district, AEA or community college has the ability to pay, the arbitrator should then consider comparability based upon similar size and geographic region.

# School Board Meeting June 6, 2016 Special Report # 14

To: UCSD Board of Directors

From: Mark Lane Director of Human Resources

Date: June 6, 2016

Re: Recommendation of Classified Evaluation Instruments

Over the past several months the district workforce committee has been working to develop updated classified evaluation instruments. The first set of those documents is a part of this board packet. Team members who developed these documents, and continue to update additional classified evaluation instruments, are Steve Bass, Mark Lane, Denise Wood, Maggie Holton, Mark Monroe, Cathy Conklin, Jen Silvay, Elyse Brimeyer, and Kelley Harrison.

Board Policy 411- Formal Evaluation of Staff Personnel states in part, "Classified employees of the District shall be formally evaluated using the criteria specified in the evaluation form as approved by the Board of Directors." On behalf of the workforce committee, I recommend the board adopt the included classified evaluation forms and criteria. The final set of updated classified evaluation forms will be brought to you in July, and we will begin using the new forms for the 2016-2017 school year.

- § 5.3 Obtain bids or negotiated proposals from qualified contractors acceptable to the Owner for a contract for performance and completion of the Construction Contract, arrange for a contract to be prepared for execution by the Owner and a contractor selected with the Owner's concurrence, to be secured with performance and payment bonds executed by a qualified surety equivalent to the bonds issued on the Construction Contract, and pay to the Owner the amount of damages as described in Section 7 in excess of the Balance of the Contract Price incurred by the Owner as a result of the Contractor Default; or
- § 5.4 Waive its right to perform and complete, arrange for completion, or obtain a new contractor and with reasonable promptness under the circumstances:

  - .2 Deny liability in whole or in part and notify the Owner, citing the reasons for denial.
- § 6 If the Surety does not proceed as provided in Section 5 with reasonable promptness, the Surety shall be deemed to be in default on this Bond seven days after receipt of an additional written notice from the Owner to the Surety demanding that the Surety perform its obligations under this Bond, and the Owner shall be entitled to enforce any remedy available to the Owner. No right of action shall accrue on this Bond to any person or entity other than the Owner or its heirs, executors, administrators, successors and assigns.
- § 10 The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders and other obligations.
- § 11 Any proceeding, legal or equitable, under this Bond may be instituted in any court of competent jurisdiction in the location in which the work or part of the work is located and shall be instituted within two years after a declaration of Contractor Default or within two years after the Contractor ceased working or within two years after the Surety refuses or fails to perform its obligations under this Bond, whichever occurs first. If the provisions of this Paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.
- § 12 Notice to the Surety, the Owner or the Contractor shall be mailed or delivered to the address shown on the page on which their signature appears.

- § 1 The Contractor and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to the Owner to pay for labor, materials, and equipment furnished for use in the performance of the Construction Contract, which is incorporated herein by reference, subject to the following terms.
- § 2 If the Contractor promptly makes payment of all sums due to Claimants, and defends, indemnifies, and holds harmless the Owner from claims, demands, liens or suits by any person or entity seeking payment for labor, materials or equipment furnished for use in the performance of the Construction Contract, then the Surety and the Contractor shall have no obligation under this Bond.
- § 3 If there is no Owner Default under the Construction Contract, the Surety's obligation to the Owner under this Bond shall arise after the Owner has promptly notified the Contractor and the Surety (at the address described in Section 13) of claims, demands, liens or suits against the Owner or the Owner's property by any person or entity seeking payment for labor, materials or equipment furnished for use in the performance of the Construction Contract and tendered defense of such claims, demands, liens or suits to the Contractor and the Surety.
- § 4 When the Owner has satisfied the conditions in Section 3., the Surety shall promptly and at the Surety's expense defend, indemnify and hold harmless the Owner against a duly tendered claim, demand, lien or suit.
- § 5 The Surety's obligations to a Claimant under this Bond shall arise after the following:
- § 5.1 Claimants, who do not have a direct contract with the Contractor,
  - have furnished a written notice of non-payment to the Contractor, stating with substantial accuracy the amount claimed and the name of the party to whom the materials were, or equipment was, furnished or supplied or for whom the labor was done or performed, within ninety (90) days after having last performed labor or last furnished materials or equipment included in the Claim; and
  - .2 have sent a Claim to the Surety (at the address described in Section 13).
- § 5.2 Claimants, who are employed by or have a direct contract with the Contractor, have sent a Claim to the Surety (at the address described in Section 13).
- § 6 If a notice of non-payment required by Section 5.1.1 is given by the Owner to the Contractor, that is sufficient to satisfy a Claimant's obligation to furnish a written notice of non-payment under Section 5.1.1.
- § 7 When a Claimant has satisfied the conditions of Sections 5.1 or 5.2, whichever is applicable, the Surety shall promptly and at the Surety's expense take the following actions:
- § 7.1 Send an answer to the Claimant, with a copy to the Owner, within sixty (60) days after receipt of the Claim, stating the amounts that are undisputed and the basis for challenging any amounts that are disputed; and
- § 7.2 Pay or arrange for payment of any undisputed amounts.
- § 7.3 The Surety's failure to discharge its obligations under Section 7.1 or Section 7.2 shall not be deemed to constitute a waiver of defenses the Surety or Contractor may have or acquire as to a Claim, except as to undisputed amounts for which the Surety and Claimant have reached agreement. If, however, the Surety fails to discharge its obligations under Section 7.1 or Section 7.2, the Surety shall indemnify the Claimant for the reasonable attorney's fees the Claimant incurs thereafter to recover any sums found to be due and owing to the Claimant.
- § 8 The Surety's total obligation shall not exceed the amount of this Bond, plus the amount of reasonable attorney's fees provided under Section 7.3, and the amount of this Bond shall be credited for any payments made in good faith by the Surety.
- § 9 Amounts owed by the Owner to the Contractor under the Construction Contract shall be used for the performance of the Construction Contract and to satisfy claims, if any, under any construction performance bond. By the Contractor furnishing and the Owner accepting this Bond, they agree that all funds earned by the Contractor in the performance of the Construction Contract are dedicated to satisfy obligations of the Contractor and Surety under this Bond, subject to the Owner's priority to use the funds for the completion of the work.

- § 10 The Surety shall not be liable to the Owner, Claimants or others for obligations of the Contractor that are unrelated to the Construction Contract. The Owner shall not be liable for the payment of any costs or expenses of any Claimant under this Bond, and shall have under this Bond no obligation to make payments to, or give notice on behalf of Claimants or otherwise have any obligations to Claimants under this Bond.
- § 11 The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders and other obligations.
- § 12 No suit or action shall be commenced by a Claimant under this Bond other than in a court of competent jurisdiction in the state in which the project that is the subject of the Construction Contract is located or after the expiration of one year from the date (1) on which the Claimant sent a Claim to the Surety pursuant to Section 5.1.2 or 5.2. or (2) on which the last labor or service was performed by anyone or the last materials or equipment were furnished by anyone under the Construction Contract, whichever of (1) or (2) first occurs. If the provisions of this Paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.
- § 13 Notice and Claims to the Surety, the Owner or the Contractor shall be mailed or delivered to the address shown on the page on which their signature appears. Actual receipt of notice or Claims, however accomplished, shall be sufficient compliance as of the date received.
- § 14 When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

#### **CONTRACTOR AGREEMENT**

THIS CONTRACTOR AGREEMENT ("Agreement") is made and entered into as of the 6th day of June, 2016, by and between the American Dairy Association of the Midwest, a Minnesota nonprofit corporation ("ADA"), and the Urbandale Community School District, a public school corporation located in Polk County, Iowa ("Contractor").

WHEREAS, the ADA desires to retain Contractor to render Contractor services for the ADA on the terms and conditions set forth in this Agreement, and Contractor desires to be retained by the ADA on such terms and conditions,

NOW THEREFORE, in consideration of the premises, the respective covenants and commitments of the ADA and Contractor set forth in this Agreement, and other good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, the ADA and Contractor hereby agree as follows:

1. Retention of Contractor; Services to be Performed. The ADA hereby retains Contractor for the term of this Agreement to perform the Contractor services described in the statement of work attached to this Agreement as Exhibit A, which Exhibit A shall be incorporated into this Agreement by reference herein. The statement of work includes the type of payment or Contractor's rate of payment for such work, the types of any expenses incurred by Contractor to be reimbursed by the ADA in connection with such work, the maximum price the ADA shall be obligated to pay under this Agreement, the specific facility or facilities (if any) of the ADA which will be made accessible to Contractor, the time required to complete the work, and such other terms and conditions as shall be deemed appropriate or necessary for the performance of the work under this Agreement.

ADA hereby retains Contractor to provide personnel, including students, to staff ADA's Dairy Bar at the 2016 lowa State Fair (the "Operations") during the period August 11 to August 21, 2016, inclusive, in such minimum number as the parties may agree to from time to time. ADA further agrees to provide a training session for those categories of personnel that ADA determines, in ADA's sole discretion, as needing training, at the site of the Operations each morning before opening the Dairy Bar (the "Training Session"). The Training Session shall cover areas of responsibility, which the parties shall mutually agree upon. ADA shall purchase entrance tickets and parking passes to the State Fair for each employee to be provided hereunder. ADA shall provide each of Contractor's employees provided hereunder with appropriate hats if they do not have their own.

ADA shall provide all facilities, equipment and supplies necessary for Contractor to perform services under this agreement.

ADA and Contractor hereby acknowledge that the Iowa Department of Health and/or the Iowa Department of Agriculture will conduct tests to assure that the Operations are conducted in a sanitary manner, according to state health standards ("Health Inspections"). Although it shall be ADA's responsibility to train and supervise the employees which Contractor provides so as to receive acceptable Health Inspections, as much as it is reasonably within Contractor's powers, Contractor shall impress upon the personnel it provides hereunder the importance of sanitary conditions at the Operations site.

patentable ("Inventions"), which Contractor has conceived or first actually reduced to practice and/or may conceive or first actually reduce to practice during the period of Contractor's Contractor arrangement with the ADA or which Contractor may conceive or reduce to practice within six (6) months after termination of this Agreement, if such Inventions relate to a product or process upon which Contractor worked during the term of this Contractor arrangement with the Company.

- exclusive property of the ADA or its nominee and, during the term of this Agreement and thereafter, whenever requested to do so by the Company, Contractor shall execute and assign any and all applications, assignments and other instruments that the ADA shall deem necessary or convenient in order to apply for and obtain Letters Patent of the United States and/or of any foreign countries for such Inventions and in order to assign and convey to the ADA or its nominee the sole and exclusive right, title and interest in and to such Inventions. Contractor will render aid and assistance to the ADA in any interference or litigation pertaining to such Inventions, and all expenses reasonably incurred by Contractor at the request of the ADA shall be borne by the Company. In this connection, if any such aid or assistance requires any expenditure of Contractor's time after termination of this Agreement, Contractor shall be entitled to compensation for the time requested by the ADA at an hourly rate equal to the pro rata hourly rate at which Contractor was being paid for a normal pay period immediately prior to the end of the term of this Agreement.
- **b.** <u>Copyrightable Material</u>. All right, title, and interest in all copyrightable material which Contractor shall conceive or originate, either individually or jointly with others, and which arise out of the performance of this Agreement, will be the property of the ADA and are by this Agreement assigned to the ADA along with ownership of any and all copyrights in the copyrightable material. Contractor agrees to execute all papers and perform all other acts necessary to assist the ADA to obtain and register copyrights on such materials in any and all countries. DIRECTOR OF ACTIVITIES AND COMMUNITY EDUCATION

**DATE: JUNE 6, 2016** 

Please accept this memorandum in recommendation that the Board of Directors approve the attached contract with Contemporary Services Corporation for Event Management Services during the 2016-2017 school year.

# AGREEMENT FOR CROWD MANAGEMENT SERVICES FOR THE URBANDALE COMMUNITY SCHOOL DISTRICT

This Agreement is made and entered into by and between the URBANDALE COMMUNITY SCHOOL DISTRICT ("MANAGER"), and CONTEMPORARY SERVICES CORPORATION, ("CONTRACTOR").

MANAGER has determined that it is reasonably necessary and appropriate to engage the services of a firm to provide certain crowd management services ("Services") required at various sports and entertainment events ("Events") at various Urbandale Community School District locations as requested by MANAGER (each individual location a "Job Site"). In rendering these services, CONTRACTOR shall exercise the ordinary standard of care expected in the crowd management services industry.

NOW, THEREFORE, MANAGER and CONTRACTOR mutually agree as follows:

#### 1. CONTRACTOR'S SERVICES

CONTRACTOR shall have the sole and exclusive right to provide the crowd management services, as determined necessary by MANAGER, for Events at the Job Site(s) and such other locations as may from time to time be designated in writing. This agreement shall in no way interfere, interrupt or disturb actions conducted within the Job Site by state, federal or local police agencies. Nothing in this Agreement shall prevent the MANAGER from hiring law enforcement agencies for provision of crowd control at Events at the Job Sites in addition to the use of CONTRACTOR or for hiring law enforcement exclusively for Events as MANAGER deems advisable.

#### 2. STAFF LEVELS

- A. At least one (1) week prior to the first day of an Event for which Services will be necessary, MANAGER shall provide to CONTRACTOR a written job order that includes the number and classifications of personnel requested and the time periods for which they will be needed. If MANAGER does not provide such timely notice, CONTRACTOR shall make best efforts to provide the requested personnel for the Event; however, CONTRACTOR's inability to do so shall not be a breach of this Agreement.
- B. Staffing levels and specific posts will be determined by MANAGER following consultation with CONTRACTOR. MANAGER shall have the final decision as to the number of CONTRACTOR's personnel to be used and the deployment (i.e., placement at the Job Site). MANAGER agrees that for all requests for CONTRACTOR personnel at least one Supervisor shall be ordered and such Supervisor shall act as the Event Coordinator where the personnel request is for less than ten (10) personnel. Supervisors shall not supervise a group of personnel in excess of ten (10) CONTRACTOR personnel, so for Events where more than ten (10) CONTRACTOR personnel will be required, additional supervisors shall be ordered to ensure that no Supervisor will be required to supervise more than Ten (10) Contractor personnel. The Supervisors shall not be assigned or included in the fixed postposition order.

#### 3. SUPERVISION AND AUTHORITY

- A. In order for CONTRACTOR to be effective in the delivery of Services, CONTRACTOR must manage and supervise its employees. Therefore, CONTRACTOR shall be accountable for the direct supervision of its employees. MANAGER shall make all requests regarding deployment, positioning, post assignments and conduct through CONTRACTOR's Lead Supervisor at the Event in question. The Lead Supervisor for each Event will be accountable for the satisfaction of such requests to the extent that such requests are consistent with Job Site policies, this Agreement and local, state and federal laws.
- B. If at any time MANAGER feels that any employee of CONTRACTOR is not satisfactory, MANAGER shall notify CONTRACTOR of the reasons for its dissatisfaction with such employee verbally and in writing. CONTRACTOR shall attempt to promptly correct the employee's conduct to the satisfaction of MANAGER. If the employee continues to be unsatisfactory to MANAGER, or if the initial conduct was so egregious as to warrant dismissal, MANAGER may demand that CONTRACTOR cease using said employee at all Job Sites. CONTRACTOR shall promptly comply with such request. MANAGER agrees that any requests pursuant to this paragraph shall not be based upon unlawful discrimination in regards to an employee's race, religion, national origin, age, gender, sexual orientation, gender identity or disability.

CONTRACTOR's personnel shall work with and assist the proper local authorities when necessary and appear in court and other proceedings as becomes necessary. MANAGER shall pay the hourly rate of any such CONTRACTOR personnel that attend such proceedings on behalf of or at the request of MANAGER or the proper local authorities, but only if such attendance is required in connection with an Event at the Job Site and if such proceeding does not involve CONTRACTOR liability.

#### 5. EVENT REPORTING TIMES

CONTRACTOR requires time prior to an Event for the briefing and distribution of employees at the Job Site. The following reporting time requirements shall be used:

- a. Where the number of employees ordered is ten (10) or fewer, the reporting time shall be fifteen minutes prior to the time designated by MANAGER for services to begin.

ii. MANAGER shall indemnify, defend and hold harmless CONTRACTOR, its affiliates, agents, directors, officers and employees from and against any liability, cost or expense, including reasonable attorney's fees, arising out of or associated with any claim for damages and/or personal injury, including death there from, to any person, or property damage or loss, arising out of: the negligent conduct or willful misconduct of MANAGER or its partners, officers, employees, affiliates and agents in the course of performance of this Agreement; MANAGER's exercising of its discretion as to the number of CONTRACTOR's personnel; the physical condition of any premises; the sale of food and/or beverages; and, the maintenance, service, or inspection of mechanical equipment of any nature, except for equipment provided by CONTRACTOR. All CONTRACTOR personnel furnishing services pursuant to this Agreement are for all purposes, including Worker's Compensation liability, employees solely of CONTRACTOR and not of MANAGER.

#### 15. PROHIBITION AGAINST ASSIGNMENT OR DELEGATION

- C. This Agreement has been negotiated at arm's length between the parties hereto, both of which are sophisticated and knowledgeable in the matters dealt with in this Agreement. Accordingly, any rule of law or legal decision that would require any ambiguities in this Agreement to be interpreted against the party that drafted it, is not applicable and is hereby waived. The provisions of this Agreement shall be interpreted in a reasonable manner to give effect to the purpose and intent of the parties.

# 1. Premises.

School District agrees to provide a mobile classroom located at Karen Acres Elementary School at 3500 74th Street, Urbandale, Iowa 50322 (the "classroom") to Drake for purposes as set forth in this Agreement. School District will not assess any charges on the use of the classroom. The School District shall also allow Drake a nonexclusive right to use the Karen Acres Elementary School playground, parking lot, adjoining sidewalks, roads, and means of ingress and egress to and from the classroom. Drake shall also have the non-exclusive right to use the kitchen and gym as well as to use, as reasonably necessary, the restrooms, hallways, stairs, and ramps at Karen Acres Elementary School. Scheduling the use of the playground, kitchen, gym or other areas within the Karen Acres Elementary School, other than the classroom, will be arranged in advance through the principal's office at Karen Acres Elementary School and shall not interfere with regular programming or activities of Karen Acres Elementary School. Likewise, during the time that Head Start is not in session, Drake agrees to make available to the School District the use of the classroom. Usage of the classroom will be scheduled in advance through the Head Start staff and will not interfere with regular programming of Head Start.

# 2. Term and Termination.

Although the availability of Federal funds restricts the term of this Agreement to one year, it is the intent of Drake and School District to continue this relationship on an ongoing basis, provided Drake continues to receive Federal Head Start funds and both parties continue to meet expectations set forth in this Agreement. The primary term of this Agreement shall commence as of July 1, 2016 and terminate on the 30th day of June, 2017, unless sooner terminated or extended as provided in this Agreement.

Either party may terminate this Agreement upon written notice to the other party if the other party fails to comply with any of the provisions of this Agreement, provided written notice of the breach shall be given to the breaching party and the breaching party shall have at least ten (10) days to cure the breach. Either party may terminate this Agreement prior to the expiration of the term, with or without cause, and without penalty, upon ninety (90) days' prior written notice to the other party.

# 3. Utilities, Custodial Care and Maintenance.

School District will provide an environment free of toxins, such as cigarette smoke, lead, pesticides, herbicides, and other air pollutants as well as soil and water contaminants. School District will ensure that no Head Start child is present during the spraying of pesticides or herbicides and will ensure that children will not return to the affected area until it is safe to do so.

Drake shall prohibit the use of all alcoholic beverages, tobacco products, and illegal substances on the Karen Acres Elementary School premises and in the classroom. Drake shall not allow the use of any toxins on the premises or in the classroom and shall notify School District of any presence of substances that are covered by the Right to Know law. Drake will cooperate with the School District's recycling and environmental conservation procedures and policies.

School District will maintain the premises and all structural and mechanical aspects of the buildings to satisfy all applicable City Code requirements. However, Drake shall be responsible for insuring that all improvements it makes to the classroom satisfy all applicable City Code and other requirements. School District will complete an annual inspection of the heating system and the smoke detectors for the Head Start classroom and shall supply proof of inspection to Drake Head Start if requested. The School District will provide telephone and internet service.

# 4. <u>Use</u>.

Drake will use the classroom and Karen Acres Elementary School premises for Head Start purposes only. Drake employees shall be required to abide by reasonable rules and regulations of the School District relating to use of the School District's property and premises, including the wearing of identification badges as provided by the School District.

Drake agrees not to illegally discriminate on the basis of race, color, creed, sex, religion, marital status, parental status, sexual orientation, gender identity, national origin, ethnic background, age, disability, or genetic information in the hiring or employment of personnel in connection with this Agreement. Drake also agrees to make its Head Start program available without illegal discrimination on the basis of race, color, creed, sex, religion, marital status, parental status, sexual orientation, gender identity, national origin, ethnic background, age, disability, or socio-economic background. Drake will abide by and/or comply with District policy regarding bullying and harassment.

## 5. Communication.

kind, including reasonable attorney's fees and expenses, which might arise directly or indirectly from any act or omission in connection with this Agreement, on the part of Drake's employees, agents, employees, or designees which are not under the control of the School District. The School District will hold harmless and indemnify Drake University, its employees, trustees, officers, and agents from all expenses, costs, harm and damages of whatever kind, including reasonable attorney's fees and expenses which might arise directly or indirectly from any act or omission in connection with this Agreement, on the part of the School District's employees, agents or designees which are not under the control of Drake University.

Each party will maintain Commercial Liability Insurance in amounts not less than \$1,000,000 each occurrence, \$2,000,000 annual aggregate. Coverage shall include Bodily Injury, Personal Injury, Property, and Contractual Liability. Each party will maintain Workers Compensation Coverage: Part A-Statutory State of Iowa Benefits, and Part B- Employers Liability Coverage \$500,000 each accident, each employee. Drake will be added as additional insured with regard to operations of the insured. All required insurance shall be obtained from issuers of recognized responsibility licensed to do business in the State of Iowa. Each party shall be furnished with a certificate of insurance required under this Agreement upon request. Such policies shall not be modified or cancelled except upon at least thirty (30) calendar days' prior written notice to the other party to this Agreement.

It is specifically agreed that the types and amounts of insurance specified above shall not limit or otherwise affect any party's obligation to indemnify and hold the other party harmless as provided by the indemnification provisions of this Agreement. The failure of any party to maintain the insurance coverage and limits required by this Agreement shall be considered a material breach of this Agreement. However, the failure of any party to declare another party to be in material breach shall not be deemed a waiver by the party of the right to claim a material breach for a subsequent failure to maintain the required coverage or limits.

#### 7. Alterations.

Drake shall submit plans for all improvements and alterations to the classroom or to the Karen Acres Elementary School premises to the Superintendent of School District.

Drake shall not proceed with any improvements or alterations until approval is received in writing from the Superintendent. Drake shall be responsible for and shall hold harmless and indemnify the School District, its employees, officers, directors, visitors, students, or agents from all damages and harm resulting from the construction of the improvements and or alterations due to the negligent acts or omissions of Drake or those contracted by Drake to perform the construction of the improvements and/or alterations. Drake shall coordinate the construction of the improvements and or alterations with the School District so as to minimize the disruption to the School District and shall direct all contractors to abide by rules set forth for ingress, egress, storage of materials and like matters. Upon termination of this Agreement, Drake shall be entitled within thirty (30) calendar days of termination to remove any improvements and or alterations that do not materially damage the classroom or premises and to return the classroom and premises to their condition at the time of commencement of this Agreement.

Drake has installed a fenced playground with playground equipment and storage shed in the outdoor area designated as the playground. On termination of this Agreement, Drake may retain the shed and all portable playground equipment, as desired by Drake. All other improvements constructed by Drake shall become the property of the School District.

# 8. Property, Equipment and Supplies.

Drake shall furnish and have exclusive use of all equipment, property, and supplies in the classroom, unless scheduled for use through the Head Start staff.

The School District in its sole discretion may agree to provide equipment, property and supplies for use by Drake in the classroom. Each party shall be responsible for maintaining and replacing its own equipment, property and supplies used in the classroom as it sees fit. Any property, equipment or supplies that are damaged or destroyed through neglect or lack of care by one of the parties shall be replaced by that party at its expense.

# 9. Accounts, Audits, Reports and Records.

If the School District expends \$750,000 or more in Federal awards from all sources during its fiscal year, then the School District will forward to the Drake University Funded Programs Accountant one copy of it most recent A-133 audit, if requested. The Grants/Sponsored Programs office at Drake will retain its records for a minimum of three years after the final term of the project period.

# Board & Administrator

FOR SCHOOL BOARD MEMBERS

May 2016 Vol. 30, No. 1

Editor: Jeff Stratton

# Board use of social media: Rules for sound communication apply here, too

Today's tech tools make it easier than ever for school districts and board members to engage community members and stakeholders. But trustees should think before they press "send" with their social media communications, said attorney Peter Fagen of Fagen, Friedman & Fulfrost LLP.

Fagen advises board members to avoid getting swept up in the ease of use technology offers and remember that all trustee communication should be mindful that the same rules that apply to any form of board communication should apply to social media as well.

The board does not need policies for each communication tool that becomes popular, Fagen said. "I don't like the idea of device-specific polices or media-specific regulations," he said. "The technology will always be changing, and your policies won't be able to keep up with the technology," he said.

The best way to approach the issue is through training and consistency. "Embed the principles of the way people are supposed to behave and interact, and apply them across all communication platforms," Fagen said.

The need for established principles can play out with social media just like it does in other areas of communication that can potentially create violations of open meetings law. "You want to guard against even the slightest perception that you are conducting work, deliberating, and discussing items through social media," Fagen said.

"There is nothing wrong with having a Facebook page and being friends with board colleagues," he added. Problems can arise for board members when two or more trustee-colleagues aare followers and someone attempts to influence a school board vote, he said.

"It's all about board member judgment," Fagen said. Board members should understand their potential audience, and concepts such as that when a trustee posts, she loses control of the message.

For example, when a board member posts something on social media and a follower or friend of the board member shares it, the information gets moved on to others. "This could potentially be a violation," Fagen said.

Communication about the schools should be left to the superintendent. The administrator should publicize news about education, great programs at the elementary schools, and pictures of classrooms. "Districts do that all the time, but that should be left to the staff, not board members," Fagen said. He explained that the overarching theme when posting on social media is to use good judgment. Think about what you post, he said.

"Even if I 'like' something, I am very conscious about it," he explained.

Proofread a post several times before you submit the item. "And when doing this, consider how your message will be received," he said.

This holds doubly true these days for public officials and the superintendent, too, Fagen said. Across all forms of communication, thoughtfully consider your messages and be mindful that you can build or compromise confidence in the school district, he said.

# 'Best practice' is for superintendent to start job in May

When Superintendent Eugene Schmidt took a new job with the Farmington, N.M., Municipal Schools, the board asked him to start in May.

"I consider this a national best practice," he said.

It allowed Schmidt to meet with principals, walk the classrooms, and speak at three graduation ceremonies. "This enabled me to build rapport, participate in the budget process, jump right into the restructure of central office, and select four new principals," Schmidt said.

"Building trust works two ways as the school board must extend a hand as well," he said. "In this case, the extended hand gave me two months' head start on superintendents that traditionally start on July 1."

# Agree to these points in a board-superintendent relationship policy

In order to foster an effective relationship, the board and superintendent need to come to agreement on how they will interact and engage. Many school boards put this into writing, in the form of a board-and-superintendent relationship policy. Here are the key points the board and superintendent should consider when developing this type of policy:

- The board governs, while the superintendent manages the day-to-day affairs of the district.
- The board should respect the superintendent's knowledge of educational matters.
- The superintendent should respect the board's responsibility to stakeholders.
- Both parties should honor confidentiality requirements.
- Both parties should seek to create an environment of openness, honesty, and trust.
- The superintendent works for the full board, not the board president or any other individual member.
  - · Decisions made by the full board at a board meet-

ing are the only ones that bind the superintendent.

- Board members request information through the superintendent. When one board member requests information, the superintendent copies all board members on the response.
- The superintendent treats all board members equally.
- When the board sets goals for the district, it considers available resources.
  - The superintendent manages the district's staff.
- Individual board members do not "give orders" to district staff.
- The board evaluates the superintendent each year.
- The board evaluates itself every two to three years.
- Stakeholder concerns and comments are handled at the appropriate level in the district, and not by board members. Board members should pass citizen concerns on to the superintendent.

# Most boards use operating principles

A set of operating principles can go a long way in helping the board and superintendent agree on matters of who does what.

The role of the school board is to:

- Prioritize and keep district resources focused on student learning.
  - · Set policies.
  - Approve the budget.
  - Hire and evaluate the superintendent.
  - Listen to and represent the community.
  - Be an advocate for public education.
- Be supportive of students, staff, and administration.
- Support participation and involvement in decision-making.
  - · Direct concerns or criticisms to the superin-

tendent in a timely manner.

• Support actions taken by the board and clearly differentiate personal opinion from board decisions when speaking in the minority.

The role of the school board is not to:

- · Carry out policies or micromanage.
- Create surprises.
- Abdicate board responsibility.
- · Press narrow personal agendas.
- Make promises as an individual board member that would appear to be binding upon the board and/or district.

In the *Board & Administrator* network, nearly 90 percent of boards are using operating principles, according to data from *B&A's Survey on School Boards* conducted late last year.

# **Urbandale Board of Education Operating Protocol**

For the purpose of enhancing teamwork and increase efficiency and effectiveness, the board members of the Urbandale Community School District are committed to the implementation of the following operating protocol:

# **Advocacy and Goals**

- Our top priority is to assure that each and every student receives a quality education; the board represents the needs and interest of all the children in the Urbandale Community School District. Our mission is to "teach all and to reach all."
- The board will set clear goals for themselves and the superintendent. They will also set clear goals for the Urbandale Community School District.
- We agree to "move the question" when discussion is repetitive. Board meetings are for decision-making, actions, and votes, not endless discussion. To be efficient and effective, long board meetings must be avoided.

# **Communication and Decision-making**

- We will listen and direct individuals to follow policy related Chain of Command.
- We will ensure that every board member has equal access to all information and a responsibility to become well informed prior to conversations.
- We will consider research, best practice, public input, and financial impact when making decisions.
- We will listen with an open mind and be willing to change our stance based upon evidence.
- Surprises to the board or the superintendent will be the exception, not the rule. There should be no surprises at a board meeting.

# **Roles and Responsibilities**

- We will emphasize planning, policy-making, public relations, and direction for the district.
- We will develop and nurture positive relationships that foster trust among ourselves and our administrative team.
- We will commit to an annual retreat to review strategic plan progress and establish yearly goals.

# Urbandale Community School District **2015-2016 Board Meeting Evaluation Form**

Meeting Date:

**Purpose of form:** This form is provided as a meeting evaluation tool for the Urbandale School Board Members to keep us focused on the important issues and how we want to operate at board meetings. It further can help administration to ensure the right materials and information is provided to the directors so they can make informed decisions.

**UCSD School Board Mission:** To partner with stakeholders to teach all and reach all through governance of Board Policy and Operating Protocol.

#### **Board Goals:**
